

Environmental Awards *continued*

*Refurbished Norman Arches,
Bristol Cathedral*

Homezone, The Dings

*The new Portcochère at the City
Museum and Art Gallery*

Lockside Restaurant, Cumberland Basin

Watson's House, Clifton College

There is no doubt that the Awards are a positive contribution to the way the Society is regarded. So in the Spring look out for new sites, there are always plenty and get them in to me please.

Watch out too for details in the Spring Newsletter.

Over the past five years we have been generously sponsored by: *South West Regional Development Agency, The Institute of Physics Publishing* and *Bristol Water*, the last two for 2 years each. Now we have no backer in the pipeline and so if anyone has any ideas as to who might oblige, please contact me.

E-MAIL BULLETIN

The Civic Society has started an e-mail bulletin service to keep members in touch with current campaigns, consultations and events; and to seek members' views. One of the themes in the responses to last September's members' questionnaire was a desire to be kept in touch more, and the bulletin service aims to meet that demand. It aims to complement this quarterly newsletter with more frequent specific communications - particularly time-critical items about consultations and events.

Alan Morris will be pulling together the bulletins, with the help of others supplying him with information for issue. The bulletin is being sent to 99 Bristol Civic Society members who have supplied their e-mail address in response to requests in recent Civic Society communications. Anyone else who would like to receive the e-mail bulletin should send their details to:

james.briggs@bristolcivicsociety.cjb.net
