

Bristol Naturalists' Society

Annual General Meeting

Tuesday, 29th June 2010

7.30 pm, Guide Association Hall,
Westmoreland Road,
Redland, BS6 6YW

The first and formal part of the meeting will be to vote on a proposal by Council of a more modern and streamlined constitution, drafted with the intention of facilitating and speeding decision making. A society mission statement will also be proposed for adoption.

Following the conclusion of these formalities, there will be an informal gathering during which Richard Bland will be presented with **Honorary Membership of the Society** in acknowledgement of his outstanding contribution to the public understanding of natural history in the Bristol region.

To conclude, there will be a small display of photographs, and members with anything of natural history or geological interest are invited to bring it.

This should be an extremely interesting and informative evening, with something for everyone to come and enjoy. I hope that as many of the membership as possible will be able to attend.

With good wishes

Sincerely

Robert Muston

(Honorary Secretary)
